## St. Louis Regional RtI Forum

This event is designed for schools/districts currently implementing the features of a Response to Intervention (RtI) system of instruction. The 1-day Forum will feature **Dr. Erica Lempke**, Assistant Professor from the University of Missouri-Columbia as a guest speaker. Dr. Lempke is a popular presenter on all aspects of RtI. She is currently the RtI project consultant for several school districts across Missouri and has worked extensively with many St. Louis area schools on establishing RtI structures. Her presentation will cover trends from the field, barriers and strategies, and the future of this movement. Program sessions are planned to give RtI teams additional information and ideas to refine their established systems of 3-tiered interventions and progress monitoring.

**Breakout sessions will include:**

- Program Evaluation/Assessment Audits
- Making decisions from Progress Monitoring data
- Reading interventions and checking for fidelity
- Sharing the Journey-the successes and challenges of two area elementary schools
- Sharing the Journey-the successes and challenges of two area middle schools
- Making Connections-participants exchange ideas on process, logistics, tools and tips

Schools experienced with RtI practices are encouraged to register as a team. At least one member of the team should be prepared to share one aspect of their RtI experience (data analysis, team process, interventions, scheduling, role/responsibilities, fidelity checks, forms, etc.) at a "table share" activity. Participants will have access to a "Moodle" to continue this exchange following the forum.

**Date:** **Monday, November 2, 2009**

**Time:** 8:00 a.m. - Check in and Continental Breakfast  
Session - 8:30 a.m. - 4:00 p.m. **Lunch will be provided.**
