TRANSFORMERS:

Creative Teachers for the 21st Century

TRANSFORMERS: Creative Teachers for the 21st Century as a resource helps teachers and administrators:

Discover how thinking and acting creatively can influence both teaching and learning!

Creativity is a vital part of living for everyone-and for teachers and students, it's a requirement for success in the 21st century. Built on that core belief, Mary Kim Schreck provides teachers with a step-by-step plan for accessing their own creative resources and cultivating a more creative teaching practice.

Offering a breakdown of the creative process as it applies to both lesson building and delivery, Mary Kim provides a range of applications, examples, and strategies across multiple content areas and grade levels. This practical workshop based on her book *TRANSFORMERS: Creative Teachers for the 21st Century* as a resource helps teachers and administrators: (all participants will receive a copy of the book)

- ◆ Gain confidence in their own ability to teach from their strengths and to elicit students' strengths and creativity
- ◆ Access their ability to think and act more creatively in the classroom
- ◆ Enhance learning by engaging, motivating, and inspiring students with an array of student achievement
- ◆ Learn how to identify creativity that furthers educational goals and increases student achievement
- ◆ Discover how the power of technology can help facilitate creative thinking

Use creativity to transform your teaching practices and prepare your students for the challenges of today and tomorrow!

Audience: All K-12 teachers

Dates: Tuesday, March 2, 2010
